

# SUPPORTS FOR VACUUM CUPS

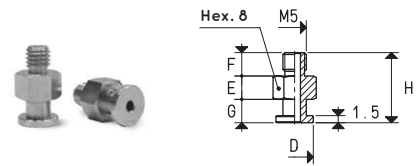

| Item      | A<br>∅ | B<br>∅ | D<br>∅ | E  | F | H  | Support material | For vacuum cup item | Weight g |
|-----------|--------|--------|--------|----|---|----|------------------|---------------------|----------|
| 00 08 232 | 15     | G1/8"  | 30     | 10 | 4 | 14 | aluminium        | 01 24 06            | 16.7     |

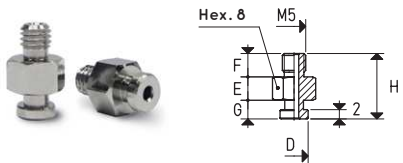

| Item      | A<br>∅ | B<br>∅ | D<br>∅ | E | H  | Support material | For vacuum cup item | Weight g |
|-----------|--------|--------|--------|---|----|------------------|---------------------|----------|
| 00 08 233 | 60     | G3/4"  | 64     | 3 | 10 | aluminium        | 01 85 15            | 77.3     |
| 00 08 234 | 60     | G1/2"  | 64     | 3 | 10 | aluminium        | 01 85 15            | 78.3     |

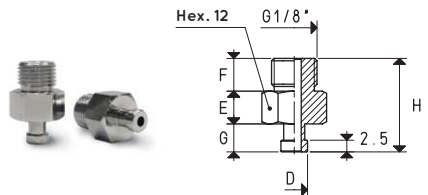

| Item      | D<br>∅ | E | F | G | H  | Support material | For vacuum cup item | Weight g |
|-----------|--------|---|---|---|----|------------------|---------------------|----------|
| 00 08 236 | 8      | 5 | 5 | 5 | 15 | brass            | 01 07 13            | 3.0      |

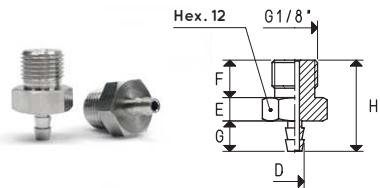

| Item      | D<br>∅ | E | F | G | H  | Support material | For vacuum cup item | Weight g |
|-----------|--------|---|---|---|----|------------------|---------------------|----------|
| 00 08 237 | 6      | 5 | 5 | 4 | 14 | brass            | 01 08 07            | 3.0      |

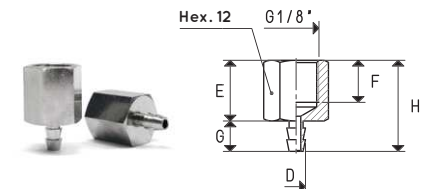

| Item      | D<br>∅ | E | F | G | H  | Support material | For vacuum cup item | Weight g |
|-----------|--------|---|---|---|----|------------------|---------------------|----------|
| 00 08 238 | 5.7    | 7 | 7 | 6 | 20 | brass            | 01 11 08            | 7.0      |

| Item      | D<br>∅ | E | F | G   | H    | Support material | For vacuum cup item | Weight g |
|-----------|--------|---|---|-----|------|------------------|---------------------|----------|
| 00 08 239 | 4      | 5 | 8 | 6.5 | 19.5 | brass            | 01 14 09            | 8.0      |

| Item      | D<br>∅ | E  | F | G   | H    | Support material | For vacuum cup item | Weight g |
|-----------|--------|----|---|-----|------|------------------|---------------------|----------|
| 00 08 240 | 4      | 13 | 9 | 6.5 | 19.5 | brass            | 01 14 09            | 7.0      |

Transformation ratio: N (newton) = Kg x 9.81 (force of gravity)

$$\text{inch} = \frac{\text{mm}}{25.4}; \text{pounds} = \frac{\text{g}}{453.6} = \frac{\text{Kg}}{0.4536}$$

Adapters for GAS - NPT threading available on page 1.130
